- Identify and assess the risks of material misstatement of the standalone Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone Ind AS financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern. Evaluate the overall presentation, structure and content of the standalone Ind AS financial statements, including the disclosures, and whether the standalone Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone Ind AS financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone Ind AS financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone Ind AS financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

### **Inherent Limitations of Internal Financial Controls Over Financial Reporting**

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial controls over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

### **Opinion**

In our opinion, and to the best of our information and according to the explanations given to us, the company has, in all material respects, internal financial controls over financial reporting that were operating effectively as at March 31<sup>st</sup>, 2026, based on “the criteria for internal control over financial reporting established by the company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India”.

Further as per explanation 1 of the said section any expenditure incurred by an assessee for any purpose which is an offence or which is prohibited by law shall not be deemed to have been incurred for the purpose of business or profession and no deduction or allowance shall be made in respect of such expenditure."*

Hence, these amounts paid for interest, penalty or in contravention of law shall not be allowed as deduction under the Income Tax Act 1961.

3. During the audit, the Company has prepared a reconciliation of profit adjustments under **ICDS III – Construction Contracts** for the period **01.08.2024 to 31.03.2026**. The analysis reflects recognition differences arising from the application of **Ind AS 115 (Service Concession Arrangements)** vis-à-vis ICDS provisions. Specifically:

**Increase in Profit:** Income earlier recognised in books as *unbilled revenue and financial assets* (Rs. 449.38 Lakhs for Ghazipur site and Rs. 494.40 Lakhs for Mirzapur site) has now been realised upon billing. Consequently, financial assets were reduced instead of crediting the Profit and Loss Account, leading to a net upward adjustment in profit recognition.

**Decrease in Profit:** The provision for work contract charges, maintained with a 5% margin on unbilled revenue in earlier years, has been reversed. This reversal offsets part of the profit increase by Rs.

896.59 Lakhs, as earlier years had shown higher profit when the provision was debited to the Profit and Loss Account.

The net effect of these adjustments amounting to Rs. 47.19 Lakhs represents the **increase/(decrease) in profit attributable to ICDS III compliance**, ensuring alignment of taxable income with statutory requirements under the Income-tax Act, 1961.

These standalone financial statements have been prepared on historical cost basis except for certain financial instruments and defined benefit plans which are measured at fair value or amortised cost at the end of each reporting period. All assets and liabilities have been classified as current and non-current as per the Company's normal operating cycle. The company is a Special purpose vehicle company incorporated for the purpose of execution of the contract awarded to it vide.Letter of Award No. 622/Mirzapur/09 dated: 20.02.2021 for "Design, Build, Rehabilitate, Finance, Operate and Transfer Sewage Treatment Plants (STPs) of the capacity as set out along with associate infrastructure, with operation and maintenance period of 15 years under "One City One Operator" concept through Hybrid Annuity based PPP model in Mirzapur and Ghazipur, Uttar Pradesh India". Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates. The estimates and underlying assumptions are reviewed on going concern basis. Ind AS 16 - Property Plant and equipment - The amendment clarifies that excess of net sale proceeds of items produced over the cost of testing, if any, shall not be recognised in the profit or loss but deducted from the directly attributable costs considered as part of cost of an item of property, plant, and equipment.

The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2022. The company has evaluated the amendment and there is no impact on its financial statements

Ind AS 37 - Provisions, Contingent Liabilities and Contingent Assets - The amendment specifies that the 'cost of fulfilling' a contract comprises the 'costs that relate directly to the contract'. Costs that relate directly to a contract can either be incremental costs of fulfilling that contract (examples would be direct labour, materials) or an allocation of other costs that relate directly to fulfilling contracts (an example would be the allocation of the depreciation charge for an item of property, plant and equipment used in fulfilling the contract). The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2022, although early adoption is permitted.

The Company has evaluated the amendment and the impact is not expected to be material.

The financial asset of Rs. 6.29 Crores has been decreased during the FY: 2025-26 (opening balance Rs. 92.87 crore less Rs. 6.29 crores comes to Rs. 86.58 crores) due to the invoicing of quaterly Opex charges for both Mirzapur and Ghazipur Sites which will done for 15 years on quaterly basis and this financial asset will be consumed accordingly. As per the requirement of the para 16 of the Appendix D of the Ind AS 115 Service Concession Arrangements, the company shall recognise a financial asset to the extent that it has an unconditional contractual right to receive cash or another financial asset from or at the direction of the grantor (UPJN) for the construction services; the grantor has little, if any, discretion to avoid payment, usually because the agreement is enforceable by law. The company has an unconditional right to receive cash if the grantor contractually guarantees to pay the company (a) specified or determinable amounts or (b) the shortfall, if any, between amounts received from users of the public service and specified or determinable amounts, even if payment is contingent on the operator ensuring that the infrastructure meets specified quality or efficiency requirements.

The company has reconized the financial asset and provisional revenue to the extent as 97.62% (Actual progress of the project till 31.03.2026, based on the monthly progress report(s) submitted to and approved by the UPJN) of the total project bid price adjusted by the Price Index Multiple (PIM), minus, the actual billed reveue (on completion of respective milestones as per concession agreement) till 31.03.2026. The project at Mirzapur site has been completed 100% till 31.03.2026; but as per the assessment done by UPJN due to pendency in some of the works the partial invoice of 6% of the project bid cost has been raised instead of 10% (as was required to be raised on completion of 4th milestone). However the company has created the provision of 100% of the revenue as per Appendix D of the Ind AS 115 Service Concession Arrangements.

This section explains the judgements and estimates made in determining the fair values of the financial instruments that are (a) recognised and measured at fair value and (b) measured at amortised cost and for which fair values are disclosed in the financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the company has classified its financial instruments into the three levels prescribed under the accounting standard.

**Level 1 :** Level 1 hierarchy includes financial instruments measured using quoted prices. This includes listed equity instruments that have quoted price. The fair value of all equity instruments which are traded in stock exchanges is valued using the closing price as at the reporting period.

**Level 2 :** The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on equity specific estimates. If all significant inputs required to fair value an instruments are observable, the instrument is included in Level 2.

**Level 3 :** If one or more of the significant inputs is not based on observable market data, the instrument is included in Level 3. This is the case for unlisted equity securities, security deposits included in Level 3.

NOTE NO. 35

A) FINANCIAL RISK MANAGEMENT

The Company's principal financial liabilities comprise loans, borrowings and trade and other payables. The main purpose of these financial liabilities is to finance the Company's operations. The Company's principal financial assets include loans, trade and other receivables, and cash and cash equivalents that derive directly from its operations.

The Company is exposed to market risk, credit risk and liquidity risk. The Company's senior management oversees the management of these risks. The Company's senior management ensures that the Company's financial risk activities are governed by appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with the Company's policies and risk objectives. All derivative activities for risk management purposes are carried out by specialist teams that have the appropriate skills, experience and supervision. The Board of Directors reviews and agrees policies for managing each of these risks, which are summarised below.

(a) Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk, such as equity price risk. Financial instruments affected by market risk include loans and borrowings.

The Company has no direct exposure to foreign currency risk.

-Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's long-term debt obligations with floating interest rates. The Company manages its interest rate risk by having a balanced portfolio of fixed and variable rate loans and borrowings. The Company's policy is to borrow funds at fixed and floating rate of interest.

(b) Credit risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including investments, deposits with banks and financial institutions and other financial instruments.

Customer credit risk is managed by the Company's established policies, procedures and controls relating to customer credit risk management. Credit quality of a customer is assessed based on an individual credit limits and are defined in accordance with management's assessment of the customer. Outstanding customer receivables are regularly monitored. The concentration of credit risk is limited due to the fact that the customer base is large. An impairment analysis is performed at each reporting date using a provision matrix to measure expected credit losses. The Company uses ageing buckets and provision matrix for the purpose of computation of expected credit loss. The provision rates are based on past trend of recoverability. The calculation reflects the probability-weighted outcome, the time value of money and reasonable and supportable information that is available at the reporting date about past events, current conditions and forecasts of future economic conditions.

Credit risk from balances with banks is managed by the management in accordance with the Company's policy. Investments of surplus funds are made only with approved counterparties based on limits defined by the management. The limits are set to minimise the concentration of risks and therefore mitigate financial loss through counterparty's potential failure to make payments.

(c) Liquidity risk

Liquidity risk is the risk that the Company may encounter difficulty in meeting its present and future obligations associated with financial liabilities that are required to be settled by delivering cash or another financial asset. The Company's objective is to maintain a balance between continuity of funding and flexibility through the use of bank overdrafts, bank loans and finance leases. The Company closely monitors its liquidity position and deploys a robust cash management system. It aims to minimise these risks by generating sufficient cash flows from its current operations, which in addition to the available cash and cash equivalents and sufficient committed fund facilities, will provide liquidity. The liquidity risk is managed on the basis of expected maturity dates of the financial liabilities. The carrying amounts are assumed to be reasonable approximation of fair value.

The table below summarises the maturity profile of the Company's financial liabilities based on contractual undiscounted payments.

B) Capital management

For the purpose of the Company's capital management, capital includes issued equity capital, compulsorily convertible preference shares, securities premium and all other equity reserves attributable to the equity holders. The primary objective of the Company's capital management is to maximise the shareholder value. The Company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. The Company monitors capital using a gearing ratio, which is net debt divided by total capital plus net debt. The Company's policy is to keep the gearing ratio between 0% and 25%. The Company includes within net debt, interest bearing loans and borrowings, less cash and cash equivalents.

## Annexure A

### Responsibilities for Audit of the Standalone Ind AS Financial Statements

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone Ind AS financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern. Evaluate the overall presentation, structure and content of the standalone Ind AS financial statements, including the disclosures, and whether the standalone Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone Ind AS financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone Ind AS financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone Ind AS financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

### **Annexure “C” to the Independent Auditor’s Report**

*(Referred to in paragraph 7.2(i) under ‘Report on Other Legal and Regulatory Requirements’ section of our report of even date)*

We have audited the internal financial controls over financial reporting of **M/s Mirzapur Ghazipur STPs Private Limited (“the company”)** as of December 31<sup>st</sup>, 2025 in conjunction with our audit of the Standalone Ind AS Financial Statements of the company for the period ended on that date.

#### **Management’s Responsibility for Internal Financial Controls**

The company’s management is responsible for establishing and maintaining internal financial controls based on “the internal control over financial reporting criteria established by the company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India”.

These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

#### **Auditor’s Responsibility**

Our responsibility is to express an opinion on the adequacy and operating effectiveness of the company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India (the “ICAI”) and the Standards on Auditing (SAs) issued by the ICAI, and deemed to be prescribed under section 143(10) of the Companies act 2013, to the extent applicable to an audit of internal financial controls, both applicable to an internal financial standards and both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the adequate internal financial controls over financial reporting was established and maintained if such control operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence obtained is sufficient and appropriate to provide a basis for our audit opinion on the company’s internal financial controls over financial reporting.

#### **Meaning of Internal Financial Controls Over Financial Reporting**

A Company’s internal financial controls over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company’s internal financial controls over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

### **Inherent Limitations of Internal Financial Controls Over Financial Reporting**

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial controls over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

### **Opinion**

In our opinion, and to the best of our information and according to the explanations given to us, the company has, in all material respects, internal financial controls over financial reporting that were operating effectively as at December 31<sup>st</sup>, 2025, based on “the criteria for internal control over financial reporting established by the company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India”.

1. During the course of our audit, we observed that the MSME register vendor's payment was not paid within the due date specified in the law. The amount of Rs. 6.75 lakhs were paid after the due dates mentioned u/s 43B(h).

Sr. No.	Name of MSME Party	Amount (Rs. In lakhs)
1	Emit Group (India) Private Limited	5.34
2	NPRA & Associates	1.41
	<b>Total</b>	<b>6.75</b>

*"As per 43B(h) of the Income Tax Act 1961, a deduction otherwise allowable under this Act in respect of any sum payable by the assessee to a micro or small enterprise beyond the time limit specified in section 15 of the Micro, Small and Medium Enterprises Development Act, 2006, shall be allowed (irrespective of the previous year in which the liability to pay such sum was incurred by the assessee according to the method of accounting regularly employed by him) only in computing the income referred to in section 28 of that previous year in which such sum is actually paid by him."*

In line of the above newly inserted provision to the Income Tax Act 1961, the sum of **Rs. 6.75 lakhs** shall not be allowed as deducted while computing the income u/s 28 of the Income Tax Act 1961.

**Earlier year disallowance now allowed on payment basis:** Further, a sum of Rs. 60.90 lakhs was disallowed in the computation of assessment year 2025-26 u/s 43B(h), which has been allowed as deduction from the total income while calculating the total income for the assessment year 2026-27.

2. During the course of our audit it was observed that the company had paid Rs. 13.63 Lakhs as penalty imposed by UPJN, Rs. 1.20 Lakhs on account of GST Demand and Rs. 3.67 Lakhs as interest on late payments of TDS during the financial year 2025-26.

*"As per the provisions contained in section 37(1) of the Income Tax Act 1961, Any expenditure (not being expenditure of the nature described in sections 30 to 36 and not being in the nature of capital expenditure or personal expenses of the assessee), laid out or expended wholly and exclusively for the purposes of the business or profession shall be allowed in computing the income chargeable under the head "Profits and gains of business or profession. Further as per explanation 1 of the said section any expenditure incurred by an assessee for any purpose which is an offence or which is prohibited by law shall not be deemed to have been incurred for the purpose of business or profession and no deduction or allowance shall be made in respect of such expenditure."*

Hence, these amounts paid for interest, penalty or in contravention of law shall not be allowed as deduction under the Income Tax Act 1961.

3. During the audit, the Company has prepared a reconciliation of profit adjustments under **ICDS III – Construction Contracts** for the period **01.08.2024 to 31.03.2026**. The analysis reflects recognition differences arising from the application of **Ind AS 115 (Service Concession Arrangements)** vis-à-vis ICDS provisions. Specifically:

**Increase in Profit:** Income earlier recognised in books as *unbilled revenue and financial assets* (Rs. 449.38 Lakhs for Ghazipur site and Rs. 494.40 Lakhs for Mirzapur site) has now been realised upon billing. Consequently, financial assets were reduced instead of crediting the Profit and Loss Account, leading to a net upward adjustment in profit recognition.

**Decrease in Profit:** The provision for work contract charges, maintained with a 5% margin on unbilled revenue in earlier years, has been reversed. This reversal offsets part of the profit increase by Rs. 896.59 Lakhs, as earlier years had shown higher profit when the provision was debited to the Profit and Loss Account.

The net effect of these adjustments amounting to Rs. 47.19 Lakhs represents the **increase/(decrease) in profit attributable to ICDS III compliance**, ensuring alignment of taxable income with statutory requirements under the Income-tax Act, 1961.
